Student Requirements for Spanish Voice Pack installation:

1. Student(s) **must** have been using the Spanish read-aloud accommodation throughout the year.
2. Student(s) **must** have the read-aloud accommodation specified as required on the ELAP.

Technical Requirements for Spanish Voice Pack installation:

The Spanish version of the test uses the Read Aloud accommodation, which requires a Cepstral Spanish language pack installed on the machine where the test is run. Licenses are offered for Windows and MAC workstations.

Important: Licensing of this language pack is **limited**. To avoid the need for multiple installations of this language pack, please stagger student testing through the same machine(s) in order to **use a few** computers as possible.

Total number of computers you plan to install the Cepstral Spanish voice pack onto.

Please email this form to: oktechsupport@measuredprogress.org

You will then receive an email with Spanish voice pack installation directions.
